Washington, D.C. 20460

Dear FOIA Staff:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C 552, Bayer CropScience (Bayer) would like to request the following protocol which was written and submitted by SC Johnson to the Agency:

Title: ***"Evaluation of Insect Repellent (Area Repellent) in the field against a biting population of mosquitoes (Culicidae) using a non-human test method."***

GLP NO. AND PROTOCOL IDENTIFIER: GLP 591E1
SC Johnson
Date: June 13, 2008
Author: Dan Ropiak

Based on a presentation made by Lois Rossi on February 8, 2010 (***Efficacy for Public Health Pesticides: Improving Efficacy Guidelines and Evaluations***), SC Johnson had agreed to allow their field protocol into the public domain. A review of the literature by Bayer failed to locate the protocol.

Bayer would also like to request all Data Evaluation Reports (DERs) associated with this protocol that were prepared by the Agency. If you have trouble finding these documents, please contact Kevin Sweeny at the Agency.

If possible Bayer would like to request expedited document delivery for this request due to internal business needs. Please provide us with all relevant documents by no later than August 25, 2015.

It is preferred if the protocol and DERs could be delivered in an electronic format, for archiving purposes, and to cut shipping and handling costs.

Bayer is willing to incur up to \$100.00 in administrative fees to process this request. Should the costs fall out of line with the expedited nature of this request and/or the projected workload please contact Bayer at any time to discuss.

Information requested by Bayer may be sent to the following address:

Michael S. Gelinne
Regulatory Documentation Manager
Bayer CropScience
2 TW Alexander Dr.
Research Triangle Park, NC 27709
919-549-2879 / Michael.gelinne@bayer.com

Thank you for your assistance in this regard and please contact me if you have any questions.

Yours truly,

Michael S. Gelinne
